Professional Summary

Frontend Developer with 3+ years of experience building responsive and user-focused web applications using React.js, JavaScript, Redux Toolkit, Tailwind CSS, and REST APIs. Experienced in creating reusable UI components, integrating backend services, optimizing application performance, and delivering production-ready websites for UAE clients. Recently expanded into full-stack development using Node.js, Express.js, and MongoDB by building a complete travel management platform. Currently based in Dubai and available immediately for Frontend or React Developer opportunities.

Technical Skills

Frontend: React.js, JavaScript (ES6+), Redux Toolkit, Context API, HTML5, CSS3, Tailwind CSS, Material UI, Bootstrap

Backend: Node.js, Express.js, REST APIs

Database: MongoDB, Mongoose

Tools: Git, GitHub, Vite, Postman, Figma, Vercel, Cloudinary

CMS: WordPress, PHP, ACF

Professional Experience

Freelance Full-Stack Developer (Jul 2024–Present, Dubai)

- **E-Commerce Architecture:** Built a React, TypeScript, and Tailwind platform featuring a reusable, generic usePagination hook and dynamic array-shuffling state tracking.
- **Full-Stack Travel Platform:** Engineered a MERN stack application powering responsive destination search, category browsing, and high-intent landing pages.
- **Secure Admin Dashboard:** Programmed a secure dashboard with full CRUD functionality for real-time inventory, blog, and category management.
- **Performance Tuning:** Reduced resource overhead and improved load times using lazy loading, query debouncing, and React memoization techniques.
- **Cloud & API Integration:** Integrated Cloudinary for media storage and optimized frontend communication layers using Axios REST APIs.
- **Deployment:** Configured automated deployment pipelines for decoupled frontends and backends using modern cloud hosting platforms.

React Developer Blue Logic Digital (Dec 2022– Jun 2024 , Dubai)

- Developed responsive React applications from Figma designs for hospitality, healthcare, and corporate clients.
- Built reusable UI components using React.js and Tailwind CSS.
- Integrated REST APIs and managed application state with Redux Toolkit and Context API.
- Optimized application performance using lazy loading, code splitting, and efficient rendering techniques.
- Worked closely with designers and backend developers to deliver production-ready web applications.
- Collaborated with UI/UX designers to convert Figma designs into responsive production-ready interfaces.

Frontend Developer Yamee Cluster (Jun 2021 – Nov 2022, India)

- Developed responsive websites using HTML5, CSS3, JavaScript, Tailwind CSS, and Bootstrap.
- Customized WordPress websites using PHP and Advanced Custom Fields (ACF).
- Converted UI designs into pixel-perfect, cross-browser compatible webpages.
- Improved SEO and website performance through asset optimization.
- Built reusable responsive layouts for multiple client websites.

Featured Projects

Travel & Tourism Platform ★

Tech Stack

- **React • TypeScript • Node.js • Express • MongoDB • Tailwind CSS**

Live Demo

<https://tnvoyage-app.vercel.app/>

- Built a complete full-stack travel platform with user and admin modules.
- Implemented destination search, category filtering, blogs, CRUD operations, and Cloudinary image uploads.
- Optimized performance using lazy loading, debouncing, and reusable React components.

Aquarium Website

Tech Stack

- **React • Redux Toolkit • REST API**

Live Demo

<http://www.theoceantale.com/>

- Developed an interactive aquarium website with API-driven marine life data.
- Implemented responsive layouts and reusable components.
- Improved visitor engagement through an intuitive booking experience.

Aster Clinic & Wellth

Tech Stack

- **HTML • Tailwind CSS • JavaScript • jQuery • WordPress • PHP**

Live Demo

<https://www.asterclinic.ae/>

- Developed responsive healthcare websites for leading UAE organizations.
- Delivered optimized layouts, interactive UI, and CMS-based content management.

Education

Francis Xavier Engineering College

Bachelor of Engineering (B.E.)

2012 - 2016 India, Tamilnadu
